# PRODUCT & TECHNOLOGY EXHIBITION\*

\* Subject to possible modification

## EXHIBITORS (as of Sep 1, 2023)

| Company Name                                   | Booth # |
|------------------------------------------------|---------|
| Anhui Echen Electric Technology                | 46B     |
| Avient                                         | 53      |
| Beijing TianTai Electrical Equipment           | 21      |
| BSD Bildungs- und Servicezentrum               | 67      |
| Dalian Insulator Group                         | 14      |
| Dalian KING Electric Power                     | 68      |
| Dalian Sunrise Hardware                        | 17      |
| Dekuma Rubber & Plastic Technology             | 29      |
| Dextra Building Products (Guangdong)           | 66      |
| Dongguan Sanbang Machinery Mould               | 48      |
| EC Insulators                                  | 62      |
| EGU HV Laboratory                              | 28      |
| EMCO Industries                                | 43B     |
| Envisys Technologies                           | 49      |
| Fushun Electric Porcelain Manufacturing        | 15B     |
| Guangzhou MPC Power International              | 30 & 31 |
| He Bei Ka-Better Electric Power Technology     | 26      |
| Hitachi Energy                                 | 56      |
| Hubbell Power Systems                          | 2 & 3   |
| Hunan Yangdong Porcelain Insulators & Electric | 22      |
| Jiangxi Johnson Electric                       | 63      |
| JVS Switchgears                                | 65      |
| KEMA Labs                                      | 35      |
| KERI                                           | 44      |
| K-Line Insulators                              | 18 & 19 |
| Koncar - Electrical Engineering Institute      | 59      |
| KSE Electricals                                | 32 & 33 |
| KUVAG                                          | 58      |
| La Granja Insulators                           | 1       |
| Meide Group                                    | 41A     |
| MGC Moser-Glaser / HAEFELY                     | 12      |

| Company Name                                             | Booth # |
|----------------------------------------------------------|---------|
| Mosdorfer                                                | 50      |
| Nanyang Jinniu Electric                                  | 11      |
| Nanju Polymer Material                                   | 42      |
| Nippon Katan                                             | 39      |
| PFISTERER                                                | 38      |
| PPC Insulators                                           | 13      |
| Reinhausen Power Composites                              | 23 & 27 |
| Sanding Industrial                                       | 51      |
| Saver                                                    | 4       |
| Schneider Electric - F-Lab / Amplitude & Volta Labs      | 36      |
| Sediver                                                  | 34 & 37 |
| Shaanxi Taporel Electrical Insulation Technology Co.,Ltd | 8       |
| Shenzhen Square Silicone                                 | 60      |
| Sichuan Yibin Global Group                               | 10      |
| Siemens Energy Global                                    | 6       |
| Sinoma Jiangxi Insulator & Electricity                   | 46A     |
| STRI                                                     | 16      |
| Tridelta Meidensha                                       | 24 & 25 |
| TÜV Rheinland (Shanghai)                                 | 9       |
| Uniflex Hydraulik                                        | 47      |
| VINA Electric                                            | 43A     |
| Vogel moulds and machines                                | 52      |
| Wacker Chemie                                            | 20      |
| Wellwin Precision Mould                                  | 57      |
| Wenzhou Yikun Electric                                   | 61      |
| Wishpower                                                | 7       |
| Xi'an Gaoqiang Insulation Electrical                     | 5       |
| Xi'an Tian Gong Electric                                 | 40      |
| Xuanhua Xindi Insulator                                  | 15A     |
| Yangzhou Shuangbao Electric Power Equipment              | 45      |
| Yizumi Rubber Machinery                                  | 54 & 55 |
